INAX

BIYUSAI <https://www.inaxtile.com/products/bathroom-kitchen/biyusai/>
Japanese Tile World

BIYUSAI is available in various shapes, so it will expand the possibilities for your design!

The unique features of BIYUSAI are not limited to its Japanesque glazes. We provide a variety of shapes to accommodate different places and designs. For example, you can mix and match tiles of different shapes and sizes, such as using the popular stick shape for walls and mosaics for countertops. You can also choose the shapes according to the location, such as mosaics for bathrooms and stick shapes for kitchen backsplashes.

Perfect match for accents ! Groove pattern

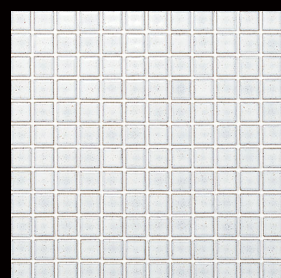

50mm square mosaic tiles are available in not only flat but also grooved patterns. The groove pattern can be used alone or as a design accent.
